## TAFT IS NOT DECIDED

GOVERNOR TAFT UNABLE TO SAY  
WHEN AMERICAN TROOPS  
WILL LEAVE CUBA.

## SATISFIES THE COMMITTEE

POSITION TAKEN BY THE PROVIS-  
SIONAL GOVERNMENT MEETS  
WITH APPROVAL.

Havana, Oct. 13.—The United States, through its peace commissioners, is not ready to announce when it will withdraw from the island of Cuba and surrender the reins of government to the Cubans, but this action cannot be taken until the time arrives when elections are assured. This statement was made by Governor Taft as part of a vaudeville address to the revolutionists' committee with which American commissioners dealt in inducing the rebels to cease hostilities and negotiate peace. The committee had a conference lasting an hour with Governor Taft, Assistant Secretary of State Bacon and Charles Magoon, who is to succeed Mr. Taft as provisional governor, and at its conclusion expressed satisfaction with the position taken by the provisional government.

Headed by Alfredo Zayas, the committee visited Governor Taft for the purpose of requesting him to declare the policy of the United States toward Cuba and the policy of the provisional government concerning appointments to public offices. The Americans listened carefully to all the representations of the committee and then Governor Taft replied pointedly that he could not outline the policy of the United States more clearly than as done in his proclamation establishing a provisional government for the island. He added that as the representative of the United States he was anxious to surrender governmental affairs to the Cubans as the Cubans were to regain them, but the peace commissioners were under the responsibility to build up conditions which would make the Cuban government a stable one.

Governor Taft would not predict when such a satisfactory condition would be reached, but he said the Cubans themselves could hasten that time if they were disposed to do so. A fair and honest election on the results of which the Cuban people were willing to abide, Governor Taft declared, was necessary before the United States would feel justified in withdrawing from the island.

## Not Ambitious to Hold Office.

Senor Zayas, Carlos Garcia and Jose Miguel Gomez hastened to assure Governor Taft that it was not their personal ambition to obtain public office. They declared, however, that the interests of their party demanded that the government should not be continued in the form against which they had revolted.

## Nature's Way Is Best.

The function strengthening and tissue building plan of treating chronic, lingering and obstinate cases of disease as pursued by Dr. Pierce, is following after Nature's plan of restoring health.

He uses natural remedies, that is extracts from native medicinal roots, prepared by processes wrought out by the expenditure of much time and money, without the use of alcohol, and by skillful combination in just the right proportions.

Used as ingredients of Dr. Pierce's Golden Medical Discovery, Black Cherry-bark, Queen's root, Golden Seal root, Bloodroot and Stone root, specially exert their influence in cases of lung, bronchial and throat troubles, and this "Discovery" is, therefore, a sovereign remedy for bronchitis, laryngitis, chronic coughs, catarrh and kindred ailments.

The above native roots also have the strongest possible endorsement from the leading medical writers of all the several schools of practice, for the cure not only of the diseases named above but also for indigestion, torpor of liver, or biliousness, obstinate constipation, kidney and bladder troubles and catarrh, no matter where located.

You don't have to take Dr. Pierce's say-so alone as to this; what he claims for his "Discovery" is backed up by the writings of the most eminent men in the medical profession. A request by postal card or letter, addressed to Dr. R. V. Pierce, Buffalo, N. Y., for a little book of extracts from eminent medical authorities endorsing the ingredients of his medicines, will bring a little book free that is worthy of your attention if needing a good, safe, reliable remedy of known composition for the cure of almost any old chronic, or lingering malady.

Dr. Pierce's Pleasant Pellets cure constipation. One little "Pellet" is a gentle laxative, and two a mild cathartic.

The most valuable book for both men and women is Dr. Pierce's Common Sense Medical Adviser. A splendid 1008-page volume, with engravings and colored plates. A copy, paper-covered, will be sent to anyone sending 21 cents in one-cent stamps, to pay the cost of mailing only, to Dr. R. V. Pierce, Buffalo, N. Y. Cloth-bound 31 stamps.

Assurances were given the committee by Mr. Taft that Mr. Magoon would consider complaints against any official, investigate them and remove any persons found unfit to hold positions of responsibility or trust, but that capable men with good records would be obtained. The committee informed Governor Taft that they intended to dissolve at once.

In the evening a committee representing many Americans in Cuba presented Messrs. Taft and Bacon with an address expressing appreciation of the great services they had done for all residents of the island.

Responding to this address, Governor Taft expressed his sincere thanks. He said the testimony of Americans and others who were on the ground had been of great assistance at the outset of the peace commissioners' work. The commissioners early felt the tremendous pressure of the responsibility of being the agents to bring about a right solution of the vexed conditions.

The disarmament commissioners sent to Santa Clara province, Hernandez and Montegudo, have returned here and reported to Governor Taft that they have disarmed and disbanded all the forces in that province. More than 8,000 men have been disbanded and 1,000 rifles surrendered to the provisional government and have been brought to Havana. Reports of trouble in various places are pouring in, but Governor Taft says that investigation always shows them to be nothing serious.

Two battalions from the Seventeenth and two from the Eighteenth Infantry and Company Eight of the hospital corps arrived here on the transports Monterey and Niagara and proceeded to Camp Columbia. Two squadrons of the Fifteenth cavalry have left Camp Columbia for Santa Clara city.

## Will Meet in California.

Council Bluffs, Ia., Oct. 13.—Fresno, Cal., gets the next quadrennial session of the Danish Brotherhood, to be held in 1910. Duluth, Minn., was a strong bidder for the meeting, the vote being Fresno 111, Duluth 95. The new assessment schedule of the Brotherhood provides for a slight increase in assessment for those joining the order at thirty-five years of age or over.

## SILVEIRA NOT YET LOCATED.

Missing Cuban Banker Has Not Landed at Any American Port.

New York, Oct. 13.—William Nelson Cromwell of counsel for Ceballos & Co., the investment firm which made an assignment on Wednesday last with liabilities of between \$3,000,000 and \$4,000,000, having been forced to the wall, it is charged, by the defalcations of the firm's Havana agent, Manuel Silveira, stated that cable advices received during the day indicated that Silveira had not yet landed at any port in the United States or South America. Mr. Cromwell declared further that Ceballos & Co., representing three-fourths of the liabilities of Silveira & Co. of Havana, had entire confidence in their special partner, Jose Beola, now in charge of their business in the Cuban capital. Mr. Cromwell said that up to this time he had deemed it best to keep Silveira & Co. afloat, but that the policy regarding the future of that firm would depend upon examinations now under way by agents in Havana and whose reports Mr. Cromwell said he was awaiting.

## TO THE FULLEST EXTENT.

New Foundland Will Resist Enforcement of Modus Vivendi.

St. Johns, N. F., Oct. 13.—The colonial cabinet at its meeting to discuss the fishery situation, decided, it is understood, to resist to the fullest possible legal extent the enforcement of the modus vivendi arrived at by the British and the American governments.

The Telegram, the premier's organ, published an exhaustive article in which it is stated that the modus vivendi is objectionable because it attempts to grant to the Americans rights additional to those conferred by the treaty of 1818, because it attempts to surrender the colony's right to legislate for the preservation of the herring fishery; because it attempts to violate the bait act. The article predicts that the Downing street authorities will be unable to enforce the modus vivendi, which has against it the law of the land, the wishes of the government and the sentiment of the colony.

## Found Guilty of Murder.

Indianapolis, Oct. 13.—George Williams, the negro who shot and killed Patrolman Edward J. Petticord, has been found guilty of murder in the first degree with death by hanging as the punishment. The jury was out seventeen minutes.

## Negro Attacks Sick Woman.

Neodesha, Kan., Oct. 13.—A negro entered the farmhouse of Frank Taylor, two miles from Neodesha, and attacked Mrs. Taylor, who was sick in bed. Posses are in pursuit of the negro and the community is greatly excited.

## SERIES IS AGAIN EVEN

THE CHICAGO NATIONAL LEAGUE  
TEAM MANAGES TO WIN THE  
FOURTH GAME.

## SHUTS OUT THE AMERICANS

PITCHER BROWN HOLDS DOWN  
PLAYERS OF THE OPPOSING  
TEAM TO TWO HITS.

Chicago, Oct. 13.—The world's championship baseball series is again even, the local National league team defeating the American leaguers 1 to 0 in the fourth game. Each side now has won two games. Curiously enough, both National victories have been on the American grounds while the White Stockings have earned success on their rivals' field.

Altrock, for the Americans, and Brown, for the Nationals, the pitchers who opposed each other in the opening game, which was won by Altrock's team, again contested for supremacy. Brown was at his best. He showed nerve, speed, control and intelligence in serving to the batsmen the kind of curves they like the least. He gave only two passes and allowed only two hits. He held the Americans hitless until the sixth inning, when, with two out, Hahn hit cleanly to center. Jones, however, promptly ended the inning by flying out to Schulte.

The Nationals looked dangerous as early as the second inning when Steinfeldt hit to center and reached third on Tinker's sacrifice and Evers' out. But Kling, always a formidable batsman, flew out to Hahn.

The Americans made their only real bid for the game in the fifth inning, when Rohe reached first on Steinfeldt's bad throw and reached third on a sacrifice and an out. Brown, however, showed his nerve by striking out Davis.

## Earned the Winning Run.

The Nationals earned the run which won the game. Chance sent a fly to short right-field and reached third on sacrifices by Steinfeldt and Tinker. Evers placed a pretty single over third base and Chance scored.

In the ninth McFarland batted for Altrock and went out, Steinfeldt to Chance. Hahn flew out to Tinker. Then Jones raised the fluttering hopes of his supporters by waiting for four bad ones and going to second when a ball got past Kling and hit the umpire. A good hit would have tied the game at this point and with the massive Isbell at bat the hopes of the Americans were high. The big second baseman swung viciously at a waist-high ball and connected squarely. It went like a cannon shot right at Brown's face. Brown had barely time to get his hands on the ball and the force of the blow laid him flat on his back, but he recovered and threw out the runner, ending the game.

The weather was by far the most pleasant of the series and the attendance was 18,385. This was the last game in which the players share the gate money. Total receipts for the four games were \$61,855, of which \$33,401.70 goes to the players, the winning team to get 75 per cent and the loser 25 per cent.

## DULUTH DENTIST DROWNED.

Prominent Minnesotan Meets Death While Duck Hunting.

Duluth, Oct. 13.—Dr. R. H. Pierce, a prominent dentist of this city, while hunting in company with his wife, his brother and several friends, was drowned in Rice lake. He had gone out in a small boat in the hope of securing up some ducks and in some unknown manner the craft was capsized. When he did not return to camp at night searchers were sent out in every direction and the upturned boat and his hat were found. His wife, who is a bride of but a few months, returned to the city and a party left Duluth to search for the body. Dr. Pierce two years ago was chosen grand senior sagamore of the Improved Order of Red Men of the United States.

## WOMAN USES SHOTGUN.

Shoots at Officers Who Attempt to Tear Down a Fence.

Chippewa Falls, Wis., Oct. 13.—Mrs. Rudolph Pitsch fired upon William McKinnon, chairman of the town of Anson, and John Hanley, road supervisor, the shotgun charge passing between the two men, who, with a crew of men, were tearing down a fence built by Rudolph Pitsch which obstructed the public highway. The work was then stopped and the workmen left the vicinity.

There has been trouble over the fence for some time.

## MINISTER WAS A DESERTER.

Asks to Be Punished for Leaving the Navy Five Years Ago.

Washington, Oct. 13.—Conscience stricken, Rev. James R. Slayton, Jr., presented himself to the assistant secretary of the navy and asked that he be arrested for deserting the navy five years ago. Slayton said his conversion to religion and service as a minister of the gospel caused him to see the wrong he had done in leaving the service and he requested that he be tried for the crime. He was accompanied to the navy department by officers of the Salvation Army with whom he had been associated in religious work. Mr. Newberry referred Slayton to Captain Wilson, who is in charge of enlisted men. After hearing Slayton's story the captain ordered him to report at the Washington navyyard and surrender himself to officers, who would put him in prison and hold him for courtmartial.

"Aye, aye, sir. I will report there on my honor, sir," Slayton replied, as he saluted the officer and backed away from him.

An hour later Slayton reported to the navyyard, where the commander told him he could not be held because of the statute of limitation. Slayton was arrested at Myersdale, Pa., by a detective but escaped from the officer and came to Washington to surrender himself.

## OVERPOWER THEIR GUARDS.

Fifteen Negro Convicts Escape From a Mountain Camp.

South McAllister, I. T., Oct. 13.—Local officers have been notified of the escape of fifteen negroes, inmates of the Arkansas state penitentiary, from a camp in the Boston mountains. The convicts are thought to be headed for the Southwest. Special deputies will be sworn in and authorities of all cities in the south and eastern part of Indian Territory will co-operate in capturing the fugitives.

The negroes, who were working in a gang, on a preconcerted signal overpowered their guards and set out in their convict garb. Several members of the band are thought to be armed. Nearly all the men have rough weapons of some sort.

## OIL COMBINE IN TEXAS.

Gates' Interests and Those of the Standard Amalgamated.

Tulsa, I. T., Oct. 13.—Information has been received here direct from the New York office of John W. Gates to the effect that the Standard Oil and Gates oil interests in Texas have combined and will build a pipe line from the Tulsa fields to the Gates refineries at Port Arthur, Tex. Gates will build north and the Standard south, the two lines connecting on Red river near Paris, Tex.

The laws governing corporations in Texas prohibit the Standard Oil company from doing business in that state and for that reason the coalition with Gates was made.

## PROSECUTION RESTS ITS CASE.

Defense Begins Presentation of Testimony on Behalf of Brouwer.

Toms River, N. J., Oct. 13.—The prosecution has rested its case against Dr. Frank Brouwer, charged with having poisoned his wife, and the defense has begun the presentation of testimony on behalf of the accused physician. The state endeavored to establish that Mrs. Brouwer came to her death from the effects of arsenic administered by her husband, while the line of defense mapped out by the counsel for Dr. Brouwer in their open remarks will be that the woman died from ptomaine poisoning in food she had eaten.

## TWO COLD WAVES.

One in the East and the Other in the West.

Washington, Oct. 13.—A cold wave persisting in the East, another in the Rocky mountain region, in Idaho and Montana, moderating in the South and considerably warmer in the Central valleys, is the weather situation in a nutshell as announced by the weather bureau. It is warming up in the West gradually, reaching over 60 in the vicinity of Chicago and the Mississippi valley and over 70 west of there. The warm wave is headed East.

## ASSASSIN ESCAPES AVENGERS.

So Italian Society Sees That His Only Known Relative Is Killed.

Logansport, Ind., Oct. 13.—Mannell Chinnetti was shot and instantly killed by Luigi Girardi in a saloon here. Girardi escaped. The murder avenges the recent assassination of John Masse by Nicholas Bibb. The police believe an Italian secret organization to which Masse belonged has failed to locate his slayer, decreed that Girardi should avenge his death upon his only known relative, the man just killed.

## FRANK A. MILLER SEVERELY BURNED

In Fire which Destroyed House Occupied by his Family on Judd Wright's Farm

WAS TRYING TO SAVE MONEY

Miller was Trying to Save Sofa in which \$50 was Concealed—Clothes Caught Fire

What came near being a fatal fire occurred on the farm of Judd Wright northwest of town about half past six this morning. The house was occupied by Frank A. Miller and family and Coleman Miller, who had rented the farm. Mrs. Miller had arisen first and started a fire in the heater and gone out into the kitchen. A few minutes later her little daughter came running out crying "Mamma, the paper is all afire." Mrs. Miller gave the alarm and Frank and Coleman Miller who were yet abed were aroused. They got out all right, but Frank Miller, in attempting to save a sofa in which \$50 was concealed, got too close to the fire. His clothing caught fire and but for the prompt action of his brother who drenched him with water he would have burned to death at once. As it is his arms and back are terribly burned. Fortunately he did not inhale any of the flame and his lungs are uninjured.

He was brought to town and taken to St. Joseph's hospital, where he now is. Dr. Batcheller, who is in attendance states that he will be compelled to remain there for some time.

The house which was of tar paper outside, burned like tinder. It was uninsured and Mr. Miller had no insurance on his household goods and clothing, all of which were burned. Loss is probably \$400 on building and same on furniture and clothing.

# DON'T THINK!

That one coat is as good as another—it isn't. There are two kinds of coats—one kind that makes a woman feel that she has the right kind—that's the confidence making kind; and the other kind which makes a woman feel that she has bought her coat in the wrong place—the least said about that kind, the better.

Our coats for girls and women are the correct styles, each style displaying just the little turn of its own here and there that gives it its individuality and fitness.

All women wear coats but not everyone can wear the same style as her neighbors and at the same time look well.

There is the young ladies' coat and the coat for the elder ladies. Our girls and young ladies don't want to dress as the grandmothers dress and the same principle applies equally to the clothes of their elders.

PETER MURPHY  
DIED THURSDAY  
Former Brainerdite Dropped Dead  
at Swan River From  
Heart Disease

HE WAS BORN IN BRAINERD  
Son of Mr. and Mrs. John Mur-  
phy, North Tenth Street—  
Burial will be here

Peter Murphy, of St. Paul, son of John Murphy, of 309 North 10th street, dropped dead while walking on the rail- road track near Swan River Thursday, Oct. 11th. His brother, James F. Mur- phy, went to Swan River and arrived with the body last night, accompanied by Mr. Murphy's widow and by Thomas Murphy, of Swan River, superintendent of the Swan River and Mississippi Log- ging Co., of which the deceased was for several years master mechanic. The funeral will be held at St. Francis church tomorrow afternoon at 3 o'clock, Rev. Father O'Mahony officiating. In- terment will be in Evergreen cemetery.

Peter Murphy was born and raised in Brainerd and was 36 years old at the time of his death. He served his time as a machinist at the Northern Pacific shops in this city, completing his ap- prenticeship about seventeen years ago. Besides his service here he was master mechanic for the Swan River and Mis- sissippi Logging Co. for about seven years and worked at his trade in St. Paul for a number of years. About ten years ago he was married to Miss Cath- erine McDermott, of St. Paul, who sur- vives him. There have been no children born to them.

About two years and a half ago his health failed and he has been sick most of the time since. He was oper- ated on at the sanitarium here for stom- ach trouble about two years ago and visited the famous Mayo hospital at Rochester, Minn., and other places in search of health. A portion of the past summer was spent at Alexandria, Minn. in the effort to recuperate. About a month ago he went to Swan River and was apparently gaining as he was feel- ing better than for months. Thursday in company with a few friends he walk- ed to the bank of the river. On the way home some of the crowd who were at a distance from him waved their hands at him and he waved back, then was seen to stagger and fall. When the rest of the party reached him he was dead.

He was well known here and was a favorite with all. Besides his widow, his parents, five brothers and three sisters survive him. He was a member of the International Order of Machin- ists and of the Order of Eagles, both of which orders will probably attend the funeral in a body.

RAILROAD NEWS  
Items of Interest Regarding Railroads  
and Railroad Employees

Messenger Almost Cremated in His Car.  
Little Falls, Minn., Oct. 12.—Sponta- neous combustion is supposed to have started a blaze in a rapidly moving Northern Pacific express car yesterday that, but for his desperate efforts, would have resulted in the tragic death of Express Messenger Wilson.

When about a mile south of this city Wilson, who was alone in the car, with the side doors locked and the end doors blocked by packages and cases, discov- ered a blaze in one end. The car rapid- ly filled with smoke and Wilson's efforts to beat out the flames only resulted in burning his hands and face.

The express messenger was fast suc- cumbing to suffocation. To open the side door would have been certain de- struction, and with a final effort he groped his way to the bellocord, pulled it and then sank to the floor in a state of semiconsciousness.

When the train came to a sudden halt the crew hurried to the express car and carried Wilson out into the air.

Altho still dazed when the train reached Little Falls, Wilson insisted upon continuing with his duties, but at Staples he was forced reluctantly to desist because of the pain of his burns and the effect of the smoke he had en- dured.

Million For Mandan.  
Mandan, N. D., Oct. 12.—The North- ern Pacific expects to spend approxi- mately \$1,000,000 in Mandan during the coming year in increasing its yard fa- cilities and making other improve- ments.

The city council has just accepted a proposition made by the company thru Assistant General Superintendent Boyle to construct a subway from Main street, which will not interfere with the established grade of the street, and to build a road-way under its tracks thirty-two feet wide and eleven feet high. Iron pillars are to support the center and a four-foot walk is to be constructed on each side. The sub- way is to be lighted with electricity and to be maintained without expense to the city.

The company, it is said, intends to raise its tracks considerably at each end and make the yards here what are termed "gravity yards." This system will greatly increase the amount of work which can be handled with the present yard force and equipment.

Later on it is the intention to con- struct a subway at the east end for team traffic and another thru the mid- dle of the yard for the benefit of em- ployees.

CONFER WITH  
COMMISSION  
N. P. and M. & I. Claim That  
They Are Not Common Car-  
riers of Logs

WOULD ASSIST IN CORNER  
Railway Officials Agree to Sub-  
mit Tariff for Logs With the  
State Body

St. Paul Dispatch: A conference be- tween officials of the Northern Pacific and Minnesota & International rail- roads and the railroad and warehouse commission was held at the offices of the state timber commission late Thurs- day afternoon. It had reference to the alleged timber "corner" which these roads were said to have been assisting in bringing about.

A circular was issued by the roads about a week ago to the lumbermen and the logging companies in the Bemidji district, in which it was stated emphati- cally that they were not common car- riers when it came to logs. It was al- leged that such action would prevent competition in bidding for lumber stumpage to be sold by the state.

The companies supposed to be in the "corner" are the Shevlin-Carpenter Lumber company, Backus-Brooks com- pany and the Bonness-Howe company. These companies have mills in the vicin- ity of Bemidji and are supposed to have special contracts with the two railroads for transporting logs from the northern part of the state.

The commission requested the officials of the roads to appear before it and ex- plain the circular, which was also placed on file in the office of the com- mission.

Those present at the meeting, be- sides the commission, were: J. M. Han- naford, vice president of the Northern Pacific; C. W. Bunn, general counsel of the same road, and W. H. Gemmell, gen- eral manager of the Minnesota & Inter- national.

The railroad officials would not con- cede that they were common carriers of logs.

The officials said they were willing to enter into a contract with any owner of logs to deliver those logs to the mills along their lines.

The circular was issued, they said, to avoid a general misunderstanding.

The commission refused to retreat from the position that a railway com- pany is a common carrier of logs as well as any kind of freight.

Finally an agreement was reached whereby the officials stated that they would be willing to submit a tariff to the commission.

AMUSEMENTS

The New "Monte Cristo."

James O'Neil in a brilliant scenic production of "Monte Cristo" is one of the early theatrical bookings. Neither money or labor has been spared in giv- ing the Dumas romance a setting in keeping with the power and wealth of its hero. Several of the scenes, par- ticularly that of a ball-room at the Hotel Mercet, are described as models of stage-craft.

Maude Fealy.

Society circles in this city are much interested in the forthcoming appear- ance of Maude Fealy, America's young- est dramatic star and former leading woman for the late Sir Henry Irving, who is to be seen at the Brainerd Opera House, Friday, Oct. 19, in Martha Morton's latest comedy, "The Illusion of Beatrice." In this superb play, which gives Maude Fealy every opportunity for the display of her girl- ish personality, the dramatist evolved a story of remarkable heart interest. It deals with the career of a founding adopted by a wealthy American, and the child's belief that she is a princess of the royal blood. The good natured people who have implanted this idea in the child's brain, little know the trouble it will cause her in after life. The cleverly constructed plot of "The Illusion of Beatrice," commences at the point, when the heroine returns from school to take her place in society and in the household of her adopted father. In this play, Maude Fealy has won the greatest success of her career, even greater than the success she achieved while with Sir Henry Irving.

### BIG LOCKOUT THREATENED.

Fifty Thousand Men in Chicago Would Be Affected.

Chicago, Oct. 13.—A lockout of 50,000 building trades employees is threatened as the result of numerous sympathetic strikes on various buildings now being erected in the downtown district.

At a conference between union representatives and several contractors no solution of the difficulties was reached and the contractors issued an

ultimatum which was in effect:

"Return to work or stay away for ever."

The strikes are said to have been caused by rivalry between the steamfitters and plumbers' unions as to which trade shall install pneumatic tubing.

### ONLY ONE JOHNSON ON TICKET.

Name of John W. Stricken From Minnesota Ballot.

St. Paul, Oct. 13.—The supreme court has directed the secretary of state to remove the name of John W. Johnson from the official ballot. Johnson filed as a candidate for governor on the Socialist-Labor ticket. He was present when the order was made, but offered no protest. The court held his nominating petition contained fewer names than required by law.

The action to have his name removed was brought by the Democratic state central committee, who alleged the filing was made to confuse the voters, the Democratic candidate being John A. Johnson.

## ACCEPTS NOMINATION

DISTRICT ATTORNEY MORAN TO HEAD DEMOCRATIC TICKET IN MASSACHUSETTS.

### MUST BE ONLY STATE FIGHT

CANDIDATE SAYS BRYANISM AND HEARSTISM MUST BE ELIMINATED FROM CONTEST.

Boston, Oct. 13.—District Attorney John B. Moran has formally announced his acceptance of the nomination for governor tendered him by the Democratic state convention. For several days there had been considerable doubt as to whether Mr. Moran would remain in the field. He has not accepted the resolution endorsing William J. Bryan for the presidency which was adopted by the Democratic state convention.

He says that "Bryanism and Hearstism" must be eliminated from the contest. Mr. Moran made his announcement in a letter of acceptance addressed to John P. Feeney, chairman of the Democratic state convention, and to the delegates to that body, in which he says:

"I am attached in no way to either Mr. Bryan or Mr. Hearst. Mr. McFarland and Mr. Williams know that I vetoed the suggestion that Mr. Bryan speak for me in Boston. Mr. McFarland and Mr. Eddy know that I vetoed the suggestion that Mr. Hearst speak for me in Boston. This is to be a state fight, not a national one. Bryanism and Hearstism must be eliminated from the contest."

### HEARST ACCEPTS NOMINATION.

Willing to Be Democratic Candidate for Governor of New York.

Elmira, N. Y., Oct. 13.—William Randolph Hearst formally accepted the Democratic nomination for governor of New York state in a letter addressed to W. J. Connors, chairman of the Democratic state committee, and made public here. The letter says in part:

"I accept the nomination of the Democratic party, bearing in mind the record of that great party in the past and knowing that the membership of the party is determined still to be ruled by the principles of Jefferson and Jackson and guided by Democracy's ideal, the greatest good for the greatest number."

"It cannot be denied that certain individuals and classes have at times secured control of the machinery of the Democratic party and attempted to use it for their own personal or class profit. The duty of true Democrats is to deprive of all authority within the party those who represent only special interests and who seek to promote such interests at the expense of the general welfare."

"The Democratic convention at Buffalo did this thing in a most conspicuous and effective manner. Democrats, so called, but seeking after special privileges in reality, were driven over into the Republican party, where those of their class flourish."

"The line is now clearly drawn between special privilege on one hand and equal opportunity on the other. The Democratic party, purged in this state of corruption and control and pledged to end the boss control through which corporations act, now has an opportunity to serve the people as efficiently as it did in the times of Jefferson and Jackson."

"To do this it is only necessary to be sincerely Democratic and loyal to Democratic principles."

### HUGHES REPLIES TO HEARST.

Declares His Opponent Is Insincere and Cannot Fool the People.

Seneca Falls, N. Y., Oct. 13.—In speeches in Yates and Seneca counties, Charles E. Hughes, the Republican candidate for governor, took up and answered the assertion made by W. R. Hearst at Corning to the effect that the net result of the life insurance investigation as conducted by Mr. Hughes was the substitution in the Equitable Life Assurance society of "Ruthless Ryan for Harmless Hyde." Mr. Hughes declared his opponent was insincere in making such a statement and could not "fool the people." He pointed out that the Ryan purchase of the Hyde stock was made before an investigation was even ordered and naturally before he had anything to do with the subject.

### One Killed, Another Injured.

St. Paul, Oct. 13.—Two fatal railroad accidents occurred in this city Friday. Martin Carter, a laborer, was killed by a Great Northern train while trying to avoid another. Charles Hoan, ten years old, was run down by a Milwaukee train under the high bridge and both his legs were crushed. They were amputated and his recovery is doubtful.

### Fatal Boiler Explosion.

Rochester, N. Y., Oct. 13.—William Teeter was killed and Frank Pryor seriously injured on the farm of L. W. Warner at Groveland, when the boiler of a threshing machine exploded.

## FROM THE STATE CAPITAL

A singular story, which appears to be well authenticated, reached St. Paul this week via Duluth. A version of it appears in so reputable a journal as the Duluth News Tribune, which, so far as I have observed, has not been contradicted. It is to the effect that when the governor reached Duluth the Steel Trust roads, which monopolize the lines of transportation in the iron region, tendered him the use of a special train and a private car in which to make his electioneering tour and that the generous proffer was gratefully accepted. Of course everything was furnished free of charge. Nor was this the only mark of consideration said to have been shown the Democratic executive by the accommodating officials of the Steel Trust. When the governor reached the various seats of their industries the machine shops of the company and mines were shut down, and the men ordered out to hear the governor speak. The different mining captains were instructed to escort him in the various mining locations. Even the section men on the roads were instructed to be at certain designated places along the lines to meet the governor and some of them are said to have run ten miles on their hands and knees to meet the appointments made for them by the Steel Trust. Certainly our governor has winning ways.

Charley Warner, who an omniscient Democratic press bureau assures us, resigned from the secretaryship of the Republican state central committee because he was disgusted with the way the campaign is being managed, was up in Carlton county the other day and the Vidette man, scenting a sensation no doubt, chased him up and after an interview with him was moved to write for his paper after this fashion: "Charles Warner was here the other day on his way home to town, where Charley holds the fort. Some of the papers are trying to find out 'where Charley is at,' but it doesn't seem to be a secret with him—he's for Cole for governor, first, last and all the time, and he doesn't make any pretensions that he is anywhere else. This is the way he puts it: 'If the people of Northern Minnesota ever expect to have another candidate for governor they should vote for A. L. Cole solid.' Good boy, Charley; we're with you!"

I was a good deal amused the other day to read in the Bemidji Pioneer of the latest claim made by Governor Johnson. And what do you suppose it is? He actually has the nerve to jump Mr. Cole's claim to his own drainage record. This isn't a joke. It's downright fact. Here's the Pioneer's report:

"In the matter of drainage he (the governor) wished to challenge Mr. Cole's attitude in the matter. What Mr. Cole was now attempting to father he had recommended to the legislature in a message prior to any active attention on the part of Mr. Cole. He denied his right to claim any right to initiative in the matter."

This sounds real funny in the light of the fact that Cole's interest in drainage preceded Johnson's even being thought of for the governorship. It sounds funnier still in the light of the well known fact that the Democrats started out early in the campaign to make a fight against drainage in Southern Minnesota, and it sounds funniest in the light of Johnson's own record. For our accomplished governor was in the legislature himself—a member of the senate—two years before he was elected governor. He fought drainage there like a good fellow and declared that he "could see no reason" for an appropriation to drain the governor's swamp lands in Northern Minnesota. "In Nicollet county," he

said, "the farmers have paid for their own ditches and why they should be taxed to drain another section is beyond my comprehension." But we must not be too hard on John. He has had much to learn since he got into the marble palace, and one of the things he has learned well is that a politician who wishes to be popular everywhere must sometimes modify his views when geographical necessities demand it. . . .

On the last day of filing of candidates John W. Johnson of Minneapolis filed as the Socialist-Labor candidate for governor. The Democrats have raised a great howl about this, claiming that it was a Republican trick to capture the voters. Mr. J. V. Johnson himself gives an interview to the Minneapolis Tribune saying that his candidacy was decided upon last July, but that under the law his petition could not be circulated until after the primaries on the 18th of September and as two thousand names were necessary "could not be prepared before the 6th of October, when it was filed. In addition to this, Dr. A. B. Cole, chairman of the Republican state central committee, has given evidence of a square deal in politics by writing a personal letter to every Republican paper in the state calling attention to the new Johnson in the field and that he represents the Socialists and not the Democrats. Dr. Cole also wrote Frank Day, chairman of the Democratic state central committee, proposing that the two committees unite in sending out an explanatory postal to every voter in the state and offering to pay one-half of the expense. This magnanimous offer was rejected but it shows the good faith of the Republican party and that no responsibility rests upon the Republicans for the new Johnson.

## Thin Blood Makes a Weak Body.

But You Can Enrich the Blood and Send New Vigor Through the System by Using Dr. A. W. Chase's Nerve Pills.

Every nerve and every muscle of the body depends on the blood for nourishment. Thin, watery blood makes weak nerves and flabby muscles. The heart fails in its work of forcing blood through the body; the lungs, the stomach, the liver, kidneys and bowels all do their work in an imperfect way, and you drag about weak, tired and miserable.

The use of Dr. A. W. Chase's Nerve Pills make a radical change in every human system that is starved and impoverished for want of rich, pure and life-sustaining blood.

Gradually, certainly and naturally they instill new vigor into every nook and corner of the body, restore health and vitality, and put a new joy into life.

Note your increase in weight while using Dr. A. W. Chase's Nerve Pills; 50 cents a box, at all dealers, or Dr. A. W. Chase Medicine Co., Buffalo, N. Y.
